Summer 2013

Charleston, SC

Spring 2013

Making two rooms one with a two sided fireplace

Summer 2013

Charleston, SC

Fall 2013

Christmas 2013

The Kaylor Residence, Daniel Island, SC. Complete Home Makeover Pro Home and Business was invited to turn an early 90's small screened shed roof porch into a beautiful new 26' x 16' volume ceiling sun room with sunken hot tub, floor to ceiling vinyl windows, tongue and groove grade A cedar ceiling and post wraps with travertine floors and more. This room overlooking a small pond on Daniel Island smack dab between Charleston's two major rivers makes for a lovely retirement home. Open the French doors and enjoy the new fireplace on pg. 1. Thank you Kevin and Kristene for the opportunity and the incredible hospitality.

Our Orlando City Soccer team needed more locker and shower space for their practice facility. We added a 30' x 32' elevated addition to solve the ponding water issues at the Seminole Soccer Sports Complex. Complete with 5 new showers, a small kitchen, new restroom, on demand gas heated water and new storage space. Go Lions. Thank you Orlando City Soccer and to our great subs Mako Shark Electric, Bullseye Plumbing, Stickles Concrete, Mark Kittinger, and employee's Julious Morales, Mike Bamberg, Brian Mesic, Spencer Singleton & Lennox Theodore. A special thank you to Keith Redwine for all of his grace and kindness with everything.
